Thursday, August 20, 2018
Time: 11:00 AM – 1:00 PM EDT

Please join us at:
Juliette Hampton Morgan Memorial Library
245 High Street Montgomery, AL 36104

Head Start and Early Head Start programs provide comprehensive child development services to low-income children from birth to age five and their families. Head Start's primary purpose is to prepare children to be ready for school. Early Head Start programs provide family-centered services designed to promote the development of the youngest children. In Alabama, Head Start grantees and delegate agencies across the state collaborate with community partners to provide high-quality education, health, mental health, nutrition, and family and community engagement services to approximately 14,738 infants, toddlers, and preschoolers and their families.

This competition is open to all community-minded organizations committed to early childhood education, youth development, health promotion, family support services, child care, and community development agencies interested in providing Head Start and/or Early Head Start Services. New entities or existing grantees can apply for this competition.
