Summer Reading Roundup!

Don't take a vacation from reading and learning!

You can make "reading" fun throughout the summer. Reading is about books, however, there are so many ways to make it fun and gain the desired benefits of strengthening your reading skills, and enjoyment. Make it a part of your day.

Partner with a "reading buddy" - invest in your own learning!

Reading experts note that most young readers suffer a backslide in reading skills during summer downtime. But that needn't be the case. Families can make reading a priority during the summer months, and children will learn that people never take a vacation from learning. Source: educationworld.com
