

Use of Library Fax Machine

The Montgomery City-County Public Library provides faxing capability to its public at all branches of the library except the Pike Road and Pine Level Branches for a fee of \$2.00 for the first page and \$1.00 for each additional page. The library does not receive incoming faxes for the public. Fax service is provided as a courtesy to the Montgomery Community by the public library thus this service can be temporarily suspended without prior notice for equipment failure, misuse of equipment, etc.

Internet

Internet is provided to library patrons as a service to the citizens of the Montgomery Community. Please review the Library's Internet Use Policy regarding regulations of use and responsibility of use. Internet is an unregulated technology, as such the library assumes no responsibility for information provided through the Internet. Patrons should balance and weigh the value of that information along with information provided through the library's usual print sources.
